TRAINING CENTER—This drawing shows the new \$2.5 million police training center that will be set in 16 acres west of D.C. Village Lane. Newly named Police Chief Jerry V. Wilson helped yesterday to break ground for the

center, which is expected to be completed in 14 to 18 months. The center, the first separate training facility the department has had in its 100-year history, will have a gym, indoor swimming pool as well as classrooms.
